IBADET
ISMAYILOV
Frontend / React Developer

ABOUT ME

I'm a passionate frontend / react developer with over 3 years of experience keen on building end-to-end products. Want to apply and enhance my current skills and learn some new.

WORK EXPERIENCE

WADS Agency   April 2020 – June 2023
Frontend / React Developer

- Enhanced site speed by 40% using React, boosting user engagement by 20% and reducing bounce rates by 15%.
- Deployed 15+ user-centric features using React Hooks and Context API, elevating user satisfaction by 30%.
- Employed React-Redux, cutting API calls by 20% and improving app responsiveness through efficient data caching.
- Implemented meta tags and structured data using Styled-components, increasing organic traffic by 25% across 20+ pages.
- Enhanced DOM manipulation, reducing page reflows by 40% and optimizing rendering for complex UI components.
- Integrated Rest APIs with React and TypeScript, speeding up data retrieval by 30% for seamless user interactions.
- Employed Firebase services for authentication, halving login times and ensuring robust real-time data updates.
- Enhanced Git workflows, reducing conflicts by 25% through improved branching strategies and code reviews, fostering better team collaboration.

NeuroLeap Corp   November 2019 – February 2020
Frontend Developer (Intern)

- Contributed to creating responsive website prototypes using HTML, CSS, and Bootstrap, gaining layout and responsiveness skills.
- Identified and resolved 20% more frontend bugs, employing basic JavaScript for DOM manipulation and debugging.
- Supported in integrating 2+ new features using HTML, CSS, and basic JavaScript.
- Implemented responsive design, increasing mobile user retention by 18%.Assisted in monitoring site performance using JavaScript, observing a 5% speed enhancement post-optimizations.

SOME OF MY PROJECTS

dayaq.az   Source code
HTML, CSS, Bootstrap, Vanilla JS, jQuery

This is a charity website that is currently in use by real users.

pizza delivery   Source code
React, React router, API, Firebase

It is an e-commerce website for a pizza restaurant.

car rental   Source code
React, SCSS

This is a website for renting various types of cars.

music player   Source code
React, Typescript, Styled-components

A musical project where users can select songs, filter them by title, artist, or genre, adjust the volume, and enjoy random tunes. This project boasts complete responsiveness as well.
